Echoes of a Lifetime: Artist at Work

Wallingford Branch | 1501 N. 45th St.

Artist Savvy Dani sets up her easel to paint a portrait of a live model – from start to finish – in three hours. Savvy has been painting and listening to the stories of older residents for her “Echoes of a Lifetime” project.

Drop in to talk to Savvy and the model, see a portrait come to life, and to see the artist’s other works.
